

FixCap Stapler

PNEUMATIC CAP STAPLER

Article nr. 12020

Fasten thin goods without going through the material
 When using the FixCap Stapler a plastic cap is inserted in front of the staple, which protects the material and spreads the holding force over a larger area.

Recommended staples and caps

ALU 16mm
 Quantity 10000
 Article nr 17014

TU-13 Hard
 Quantity 5000
 Article nr 15054

FixCap 25 mm

 Article nr 19047

Features

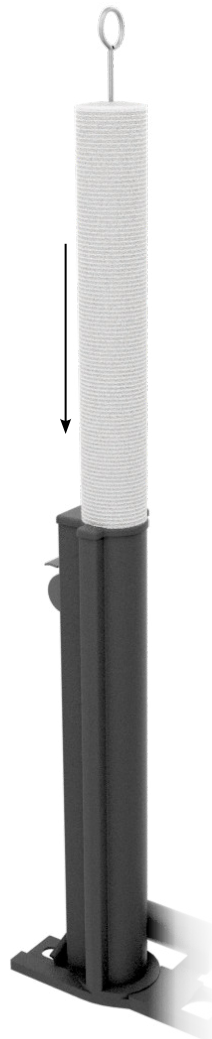

- Works with composite and aluminium staples
- Automatic insertion of plastic caps
- Fast cap reload. With an easy manouver you'll have the cap magazine reloaded in no time.
- This stapler has a security mechanism that prevents unintentional trigger events that could result in bodily injury.

FIXCAP

Fantastic Fixation Caps

FixCap, here demonstrated with TU-13. The insertion into the substrate is in this case at least 9 mm. The cap can flex down 1 mm wherefore the insertion can be even deeper.
